LIHUE, TERRITORY OF HAWAII, TUESDAY, AUGUST 29 1911.

SUBSCRIPTION RATES, \$2.50 PER YEAR.

FATHER IS FINED FOR CRUELTY TO CHILD

Ill-treatment Which Had Extended Over Months, Discovered by Police, Who Become Busy

MAHIKOA GETS CONTRACT

Homestead Association Gets Cold Feet And Throws Up Sponge at The Eleventh Hour

(Special to the Garden Island)
HANAIEI, Aug. 26.—Geo. Kao, a well-known cow boy, who resides up Hanalei valley, was before Judge Huddy yesterday, charged with "child beating."

The case was an aggravated one, the condition of the child bearing evidence of the most inhuman treatment and cruelty. The little fellow who has been the subject of Kao's fiendish attacks, is about eleven years of age, a stepson, and a truly pitiful little piece of humanity. The complaints against Kao's ill-treatment of the child have been continued for the last year or more, but it has been but recently that the police department has taken the matter in hand. Judge Huddy sentenced Kao to pay a fine of twenty-five dollars and costs which amounted in all to twenty-eight dollars and seventy cents.

The officers of the law will probably keep their eyes on Mr. Kao with the view of hauling him up again at the first indication of a return to his old cowardly habit.

MAHIKOA IS GIVEN HANAIEI GRADE CONTRACT

(Special to the Garden Island)
HANAIEI, August 22.—Road Luna Mahikoa has been awarded the contract for cutting down the Hanalei hill grade and a gang of men will be placed on the job as soon as possible.

HOMESTEAD ASSOCIATION EXPLODES PREMATURELY

(Special to the Garden Island)
McBRYDE, August 22.—The Homestead Association known as the Lawai Homestead Association which was to have gotten in on the ground floor for some choice homesteads, has called a halt on further proceedings in that direction due to a premature explosion which has apparently split the whole affair asunder. No reason has been given for the sudden change in the all but completed plans, but it is not unlikely that some one or more of the party reneged.

EARLY BLAZE ALARMS THE HANAMAULU CAMP

The Hanamaulu fire department was called out at ten minutes to two o'clock yesterday morning to subdue a fire which at first appeared to be a burning dwelling in the upper camp, but which later proved to be a pile of trash which had been thrown into the street and touched off.

The members of the Hanamaulu fire Department are experts with the "hoes," and the promptness with which they reached the scene of conflagration yesterday morning, put to rest any uneasiness for the safety to our owners of three story brown fronts, of a possible loss by fire.

Hon. Geo. H. Fairchild left Saturday for Honolulu.

CAVALRY WINS WITH THE SCORE OF 13 TO 6

Honolulu, Saturday, 5:27 p. m.
CARDEN ISLAND:
Cavalry, 13; Oahu 6. Good game. Oahu's ponies slow.

This was delightful news to the Kauaians as it was the last chance Kauai had to keep her neck above the water line and it puts our team now on an equal footing with the others and it has a mighty good chance to wallop the Oahu bunch. "I lost a case of Champagne," said a prominent business man, when he heard the news, "but I am glad of it." I told our boys they'd get it if the soldiers won, and I'm a notion to make it two."

As the Kauai ponies have all been brought home, it is highly improbable that another game will be played this season. The equal standing among the three teams will create a keen rivalry in next season's games, which will be augmented by the presence of the Maui swatters, whose prowess on the green is too well-known to pass over without a thrill of expectation.

HERE'S HEALTH!

Here's to the O. R. & L's
Who switched Kauai's team,
And with unearthly yells,
Let off a lot of steam.

Here's to our own dear boys,
—Licked once—not twice—
Who played the game with little noise,
And gave the soldiers too much Rice.

Here's to the soldiers four
Who walloped the O. R. & L,
Who doubled up the score,
And played all same like—well!

BOY SCOUTS ARE ORGANIZED ON KAUAI

The first patrol of Boy Scouts on Kauai was formed the other day by Mr. Lydgate by the enrolling of five boys from his Sunday School class as "Tender feet."

The rules of the organization were explained and the requirements set forth—implicit obedience, courtesy loyalty, kindness, thrift etc. After a month of probation and instruction these "Tenderfeet" will be promoted to full rank as Scouts and be entitled to wear the Scout uniform and badges.

The first Scout camping expedition will be made during this week and the boys were instructed as to the necessary outfit etc. The boys are all interested, and are looking forward to great times ahead.

It is intimated that some of the girls are wishing the Lord had made them boys.

TAX ASSESSOR FARLEY RECEIVES AT LUNCHEON

Mr. J. K. Farley gave a very pleasant picnic lunch at Kamooloa on Friday last.

The guests were: Dr. Doremus Scudder, Rev. R. B. Dodge, Miss M. Boshier, Miss M. Kinney.

Miss Boshier principal of Kawaiahaeo Seminary and Miss Kinney her assistant who have been spending the Summer at the Lydgate Mountain House, Kamooloa returned to Honolulu by the last Kinaiu.

A SANITORIUM ON THE HANAIEI BEACH

(Special to the Garden Island)

HANAIEI, August 27.—It is rumored that a sanatorium is to be erected on the Hanalei beach, the site to be on a piece of government land on the Wainiha side of C. B. Makee's residence. If present plans are carried out, the Board of Health will erect the building, place a nurse in charge of it whose duty it will be to see that those who are afflicted with tuberculosis, spend as much of their time in the sanatorium as possible, the idea being to have them spend each day there, returning home in the evening. This plan is said to have worked very satisfactory in other places, and will probably prove a boon to the afflicted here.

KOLOA SPORTS WOULD ORGANIZE SOCCER TEAM

(Special to the Garden Island)

KOLOA, August 27.—Much discussion is going on here in favor of forming a Soccer team at the expiration of the ball series. It is planned to organize a team here and challenge all comers. We would welcome an exchange of ideas, on the subject of such an island organization from among our sporting element and would suggest that those interested take the matter up and discuss it through the sporting columns of THE GARDEN ISLAND.

MRS. WEBER GIVES CHARMING TEA PARTY

The hospitable home of Mrs. Weber was the scene of a delightful afternoon tea last Wednesday afternoon at 3 o'clock. Exquisite floral decorations, most artistically arranged, met the eye from every direction. The table decorations consisting of daisies, the corner of the room being an artistic posing place for a large bank of Mexican Creeper, while the parlor looked lovely in a very tastefully arranged decoration of red roses. Mrs. Weber was assisted in receiving by her daughter Miss Lulu, who acquitted herself of this duty in her usual charming manner. Those present were Mrs. R. Wilcox, Miss Margaret Waterhouse, Mrs. Purvis, Miss Purvis, Mrs. Broadbent, Mrs. Palmer, Mrs. Sam Wilcox, Miss Wilcox, Miss Johnson, Mrs. Lydgate, Miss Faust, Mrs. Stewart, Mrs. W. H. Rice, Jr., Mrs. A. Rice, Mrs. Rohrig, Miss Ruth Lindley, Miss Lulu Weber, Mrs. Weber.

TWENTY-SIX APPLICANTS FOR LAWAI HOMESTEADS

(Special to the Garden Island)

WAIMEA, August 23.—The following lots in the Lawai Homestead division were drawn on last Wednesday.

Lot No. 67, Kaichi Mogami; No. 33, Jacinth, Cavalho, Sr.; 27, Charles Blake; 43, Tom Paris; 65, Geo. Rathburn; 45, Kianui Paris; 32, Solomon K. Kaulili; 8, Wm. Puaoi; 17, Kioshi Yamamoto; 5, Henry Lovell; 9, Rachel L. Puaoi; 4, D. K. Punikaia.

McBRYDE'S BIG WATER CONTAINERS FINISHED

The Reservoir construction which has been going on for some months in the mountains back of McBryde is now completed, though there will probably be no occasion to use the new reservoir till next spring.

It is at an elevation of 2000 ft. and will supply water to either side of the plantation.

The so called Earley Tunnel back of McBryde, which conducts the water out of the Wahiawa stream and delivers it to the reservoir system, is to be superseded. It has been falling down for a long time, more and more seriously so that is beyond repair. A new tunnel of large capacity will be constructed lower down and through better material.

Later the reservoirs more or less filled up by the silt, consequent on the collapse of the tunnel, will be pumped out.

CANE CAR CRASHES INTO KAPAA AUTO

Car No. 68, belonging to the Kapaa Auto Co., and driven by Mr. Ebinger, was struck by a loose cane car at the crossing below the Hotel Fairview Saturday about 4 p. m. and so badly damaged that further progress was impossible. The cane car struck the rear wheel of the auto which skidded to one side instead of turning over. This was a lucky part of the accident, otherwise the passengers might have been more or less injured in an overturned car.

The left hind wheel was broken and the axle so badly sprung as to render it impossible to move the car without dragging the wheel. A reporter was on the scene immediately after the accident but was unable to ascertain who, if anyone, was at fault.

Mrs. J. Fassoth of Waimea is visiting friends in Honolulu.

HONOLULU PARTY IN TRAMP OVER MOUNTAIN

Travel Over Old Hawaiian Trail With Much Difficulty Owing To Rain and Rank Undergrowth

WHITE PLAGUE IN WAIMEA

Mrs. Dr. Yanagihara Home From Orient—The Garden Island's New Homes In Honolulu

Dr. Doremus Scudder and party have been doing some arduous mountaineering on Kauai during the last two weeks. Among other things they made the trip from Wainiha to Waimea by the old Kilohana trail. It is very unusual to make this trip in this direction as it involves climbing the 4100 ft. Pali out of Wainiha Valley which is a very arduous undertaking. Unfortunately the weather was bad so that Scenically the trip was a disappointment, and they hastened down to the dryer atmosphere of Waimea.

Later, under similar adverse circumstances, they made the ascent of Waialeale. They returned to Honolulu by the Kinaiu, spending a few hours in Lihue.

PROMINENT KILAUEA TEACHER HOME FROM THE ORIENT

(Special to the Garden Island)

KILAUEA, August 22.—Mrs. Mary Yanagihara, wife of Dr. Yanagihara, of Kilauea, and one of Kilauea's prominent teachers, returned from a vacation trip to the Orient last Wednesday. She was accompanied home by the Doctor's mother who will make her future home with them. Mrs. Yanagihara reports an exceedingly pleasant trip, and returns very much improved in health.

TUBERCULOSIS DEATH OCCURS IN WAIMEA

(Special to the Garden Island)

WAIMEA, Aug. 28.—Mrs. Aholo Kaukau, widow of the late Aholo Kaukau, died here about nine o'clock Saturday morning, at the residence of her mother, death resulting from tuberculosis. Funeral and interment took place Sunday afternoon.

GARDEN ISLAND'S HONOLULU HOMES

Fitzpatrick Bros. Cigar Store, 926 Eort St.

On The Waimea Bridge

He stood on the bridge at Waimea
Breathing the scorching air,
He drew a breath, then gave a sigh—
'Twas Sunday and Waimea was dry!

As his eyes on the river did rest,
He murmured in tones of deep regret
"It would surely be better if the river
was dry

And Waimea was wet—
There'd be no need of a bridge—Of
Course what else could be my text."

A glimpse of the village of Kapaa. The Kapaa homestead lands can be seen in the distance.

OUR BUSINESS MEN

On leaving the village of Kapaa, the next business to engage ones attention, is that which is at present of such vital importance to the Makee Sugar Co., and the Government as well, that few there are on Kauai, who do not feel a personal interest in the "Kapaa Homesteads."

As these homesteads are so familiar to most everyone of us will not enter into a detailed description of them, leaving our readers to form an idea of their own from the half-tone reproduction herewith. To the right of the road, which parallels the beach at various distances, one would think there had been, at some time, a hail storm of lava boulders, and a rain of small stones to boot, along the shore. We saw a number of holdings on which must have originated the affecting stories of sheep having their noses sharpened to get the grass between the stones, and grass hoppers clung to the stones with tears in their eyes from

very hunger. And yet it is surprising to see how much soil, labor has redeemed from rock and stone and smoothed and enriched into deep and mellow tilth.

The rugged borders, enclosing these lands, are samples of what the situation once was and a gauge of the degree of labor which they have cost. A highly cultivated piece of land is always a thing of beauty; but in the midst of surroundings as just described, a homestead has a moral beauty; it is an enduring mark and measure of indomitable industry, and the best of all, is, that, while the man makes the farm, the farm also makes the man.

Kealia Store.

Here we find one of the largest stores on this side of the island. It is under the able management of "Johnny" Neal, one of the most congenial and best known business men on the island. In addition to his duties as manager of this well regulated business enterprise, he enjoys the distinction of holding five other very important and responsible positions, viz: secretary for Makee Sugar Co., nota-

ry public, deputy tax assessor, collector, and postmaster of Kealia.

The Kealia Store enjoys a reputation few stores have attained by the constant efforts of its employees to give its patrons the very best of service. Manager Neal personally looks after the store, and has never been known to turn a deaf ear to any one who has a grievance to impart, concerning the business. He selects his assistants with that keen judgment acquired only by the close observation of human nature which enables him to secure efficient men to assist him.

Courtesy and dispatch are the mainsprings to this up-to-date general merchandise institution, and big value at reasonable prices, are the finishing touches to make this the most popular store on this side of Kauai.

(Continued next week.)

Doctor Derby who has been at the Hotel Fairview for several days, leaves for Waimea to-morrow morning. He will probably be here again for a few days before his return to Honolulu.
